**Address:** Addis Ababa, Ethiopia (Home)

## ● ABOUT MYSELF

I am a passionate Front-End Web Developer with three years of experience in creating engaging and responsive web applications. My expertise includes working with JavaScript, TypeScript and React to build user-friendly interfaces and optimize performance. Known for my enthusiasm, diligence, and strong work ethic, I am committed to delivering high-quality solutions and contributing effectively as part of a team. With excellent communication skills and a keen eye for detail, I strive to enhance user experiences and drive successful project outcomes.

## ● WORK EXPERIENCE

12/03/2023 – 18/06/2024 Addis Ababa, Ethiopia

### FRONTEND WEB DEVELOPER

In my role as a Front-End Web Developer, I was responsible for replicating Figma designs for a business website and developing an e-learning platform. I used React and Tailwind CSS to build user interfaces from scratch. My tasks included managing API requests and data caching with Apollo, and I implemented custom hooks and utility functions to improve code efficiency and reusability.

#### Key Responsibilities and Achievements:

- Designed and implemented user interfaces for web applications using React, ensuring a seamless and engaging user experience.
- Collaborated with design and backend teams to integrate APIs and develop new features.
- Optimized web applications for performance, responsiveness, and cross-browser compatibility.
- Conducted code reviews, provided feedback, and maintained high coding standards.
- Utilized version control systems (e.g., Git) to manage and track code changes.
